

# 3M ControTact™ Plus 180C Series

## Premium Cast Vinyl with Comply™ Performance

### Features

- Colors:** 52
- Thickness:** 2.0 mil
- Vinyl Type:** Cast
- Durability:** 5 - 7 Years
- Finish:** High Gloss
- Release Liner:** 94# Silicone-Coated Paper, White
- Printability:** Thermal Transfer, Screen Print
- App. Temp:** Minimum 40° F
- Adhesive Type:** Comply, Positionable / Removable, Solvent Acrylic

### Benefits

3M Comply™ Performance pressure activated adhesive is engineered for exact positioning of vinyl graphics, the Comply feature makes it almost impossible to trap air. Designed for long term high quality vehicle / fleet graphics, exterior signs, striping, banners and promotional graphics. Can be installed over rivets corrugations, simple curves and moderate compound curves. Easily removable with heat or a chemical system.
